Canada Wide 1-844-400-SAFE(7233)

THE GUARDIAN

With our revolutionary outward swinging door, the 32" wide opening makes it the easiest Walk-In-Tub to access.

DETAILS

29" W x 37" H x 51" L

- High Flow Tap
- Hand held shower wand
- 2" Quick drain
- Easy reach drain controls with fail safe chain
- Three grab bars
- White acrylic
- Slip resistant textured floor
- 17" ADA compliant seat

THE IMPERIAL

Equipped with an inward swinging door allowing to fit anywhere a traditional tub can with its 19.5" wide door it is easy to enter and exit.

DETAILS

29" W x 37" H x 51" L

- High Flow Tap
- Hand held shower wand
- 2" Quick drain
- Easy reach drain controls with fail safe chain
- Two grab bars
- White acrylic
- Slip resistant textured floor
- 17" ADA compliant seat

THE ZEN

Bathers can sit upright in this Japanese soaking tub, allowing for a relaxing foot bath or a full soak up to the chest. Replacing a 48" tub with a smaller footprint and much taller walls, the upright design uses less water than other models and comes with our signature outward-swinging door.

DETAILS

29" W x 40" H x 43" L

- Hand Held Shower Wand
- 2" Rapid Drain (90 seconds to drain)
- Easy Reach Drain Controls with fail safe chain
- Three Grab Bars
- White Acrylic
- Slip Resistant Textured Floor
- 17" ADA Compliant Seat
- Fully Certified Product

- White Acrylic
- Slip Resistant Textured Floor
- 17" ADA Compliant Seat
- Fully Certified Product

THE MAJESTIC

Our Bariatric Walk-In-Tub with the same 32" wide outward swinging door. With the 30" wide seat, it gives you more room and comfort.

DETAILS

35" W x 37" H x 53" L

- High Flow Tap
- Hand Held Shower Wand
- Two 2" Rapid Drains
- Easy Reach Drain Controls with fail safe chain
- Three Grab Bars
- White Acrylic
- Slip Resistant Textured Floor
- Fully Certified Product

PRODUCT FEATURES

Safe Bathing Canada Inc. is the pioneer and inventor of the walk-in-tub. We have been manufacturing and assembling premium walk-in-tubs since 1992. We offer a wide variety of quality products that fit any application from economy to luxury, personal to commercial. We continue to be the industry leaders by never settling for good enough. We are always looking for ways to make bathing safer, and more enjoyable. Enjoy the accessibility and independence of bathing safely while staying in the comfort of your own home.

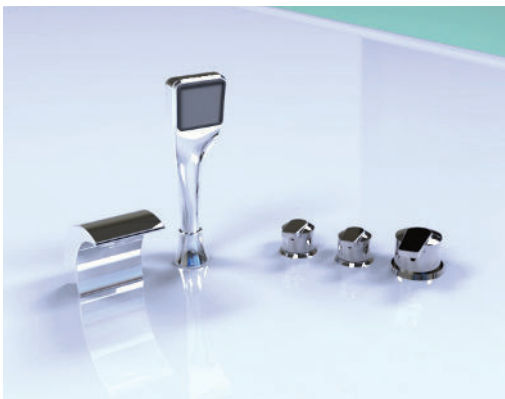

Aluminum Door

We use an Aluminum Door System to ensure a tight reliable seal that is guaranteed for life.

High Quality

We use only the best quality materials and construction methods. Our tubs are made of Acrylic, reinforced with fiberglass, built on a stainless steel frame.

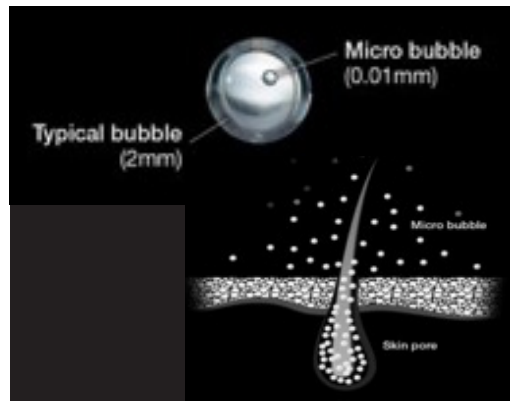

High Flow Tap / 2" Quick Drain

Our high flow tap is designed to produce a flow rate of 18gpm. This allows your walk-in-tub to fill in under 4 minutes. The 2" Quick Drain allows the tub to drain in 90 seconds or less.

Warm Air Massage Jets

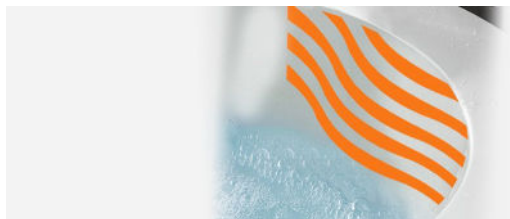

The system has variable power settings, a soft relaxing massage, smooth tension releasing massage, or more invigorating massage to fit everyone's preference. The air massage system is hygienic and maintenance free since no water enters the system and a purge cycle automatically runs after every bath to dry the jets.

Pure Bubbles System

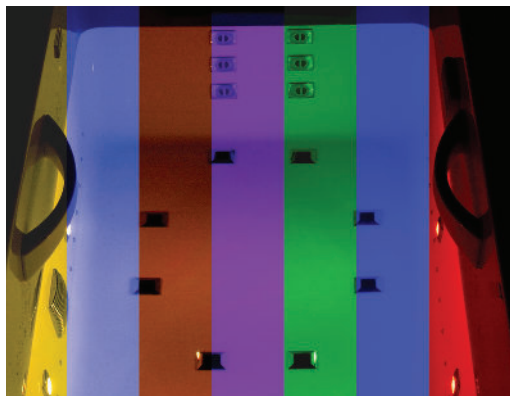

* If Available

A combination of water pressurized with ambient air. A pressure pump propels the mixture of air and water into a special patented fitting that breaks down the air bubble into Micro Bubbles creating a dense white cloud within the bath water. They will exfoliate and clean all skin pore impurities while removing the fatty acid and bacteria that cause body odor.

Heated Seat Back

Experience gentle, therapeutic warmth at the press of a button with the heated system. The soothing heat keeps you warm throughout your bath and relaxes aching muscles.

Chromatherapy

Therapy by colour. Each colour corresponds to a vibration with its own speed, wave length, or rhythm. The colours influence us either physically, psychologically, or emotionally allowing our own vital energies to reach a level of self-healing.

CENTER RIGHT/LEFT DRAIN SHOWERS

CENTER DRAIN 36" X 36" (SHOWN BELOW ON LEFT)

This unit is specifically designed for bathrooms with limited space options. The accessories displayed; The Phenolic Fold down seat - Grab Bars - Hand held flexible Shower head - Easy control lever faucets.

RIGHT, LEFT DRAIN 60" X 30" (SHOWN BELOW ON RIGHT)

A low 2 inch threshold allows it to fit perfectly into the traditional bath tub area of the same dimensions. All models are engineered with a superior patented solid wooden core. This allows for Grab rails and Seats to be mounted anywhere within the unit (no backing required). Accessories include; Ceramic tile pattern finish - Grab Bars - Phenolic fold down seat - easy lever controls.

3/4" Beveled Low Threshold Pan

Flexible Water Retainer for easy access.

Diamond 8" Tile Available
